Installation Guide

NodeJS

Overview

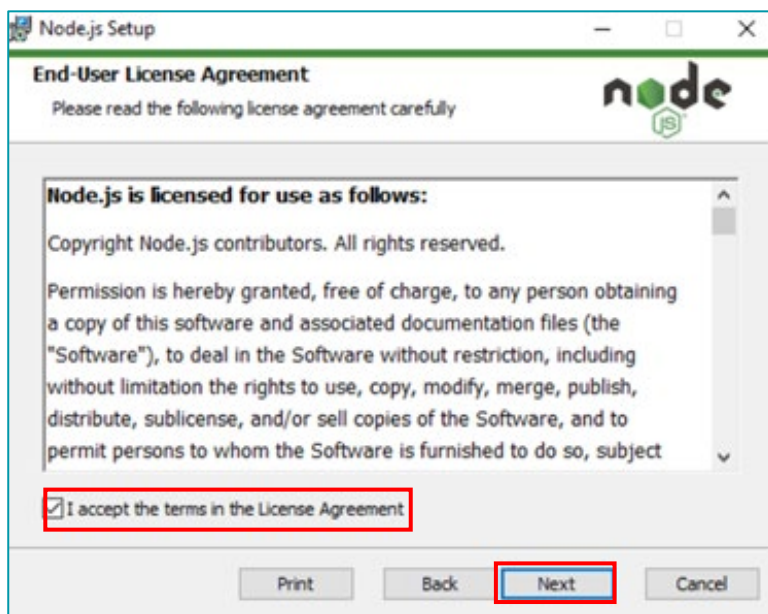

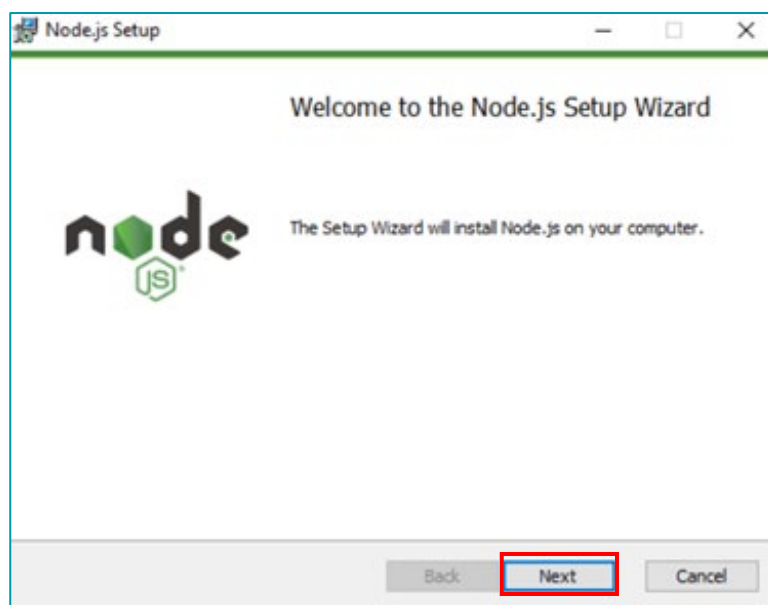

NodeJS is an open-source, cross-platform, asynchronous event-driven JavaScript runtime environment for building fast, scalable, and real-time server-side and networking applications.

Below are the steps to download and install NodeJS:

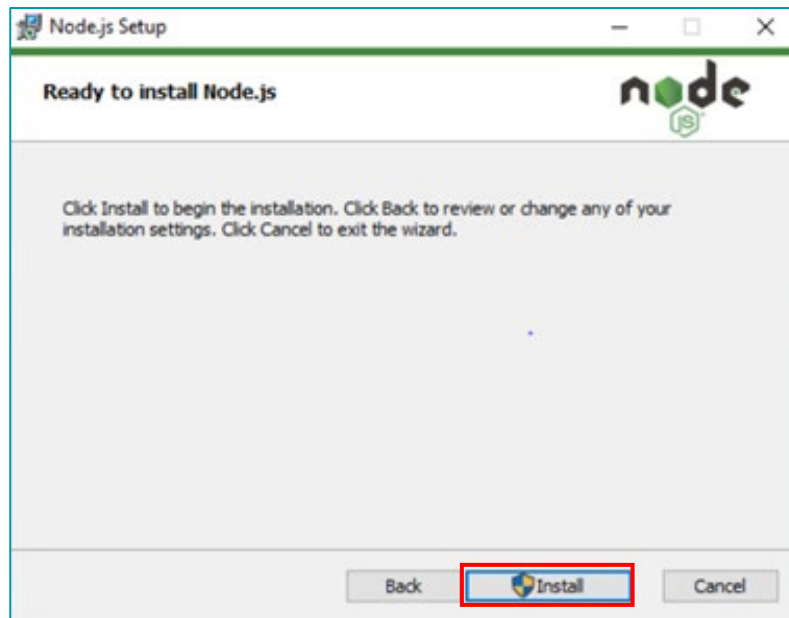

Step 1: Download the NodeJS installer from [this](#) location.

Step 2: Double-click the NodeJS installer; the setup wizard will appear.

Step 3: Click **Next** and select the checkbox to accept the terms and conditions.

Step 4: Set the destination folder and click **Next**. Then, click the **Install** button.

Step 5: Click **Finish** after the installation is complete.

Note: If a prompt appears on the screen asking for administrative privileges to install the program, enter your Deloitte User ID and password.

Microsoft Visual Studio Code

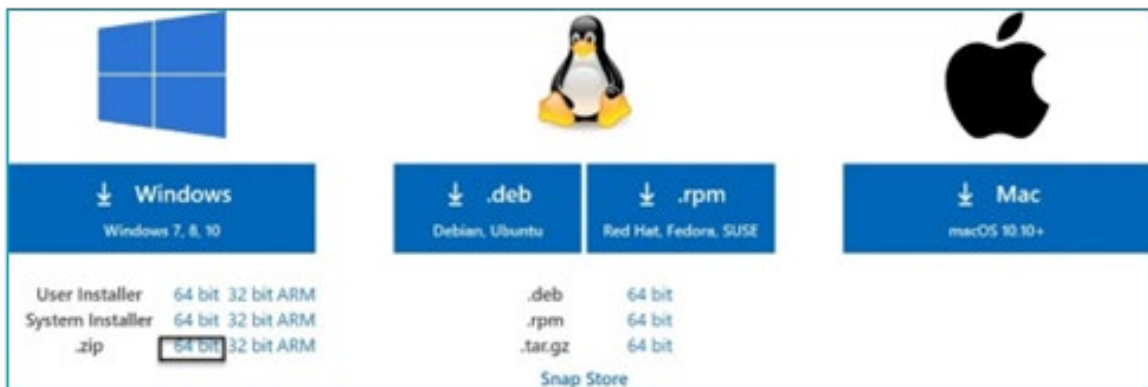

Overview

Visual Studio Code is a source-code editor used with a variety of programming languages, such as Java, JavaScript, and C++. It has multiple extensions for Git, Docker, etc., making it an excellent free resource for web development. The code can be synced between the editor and the server, without the need for extra software.

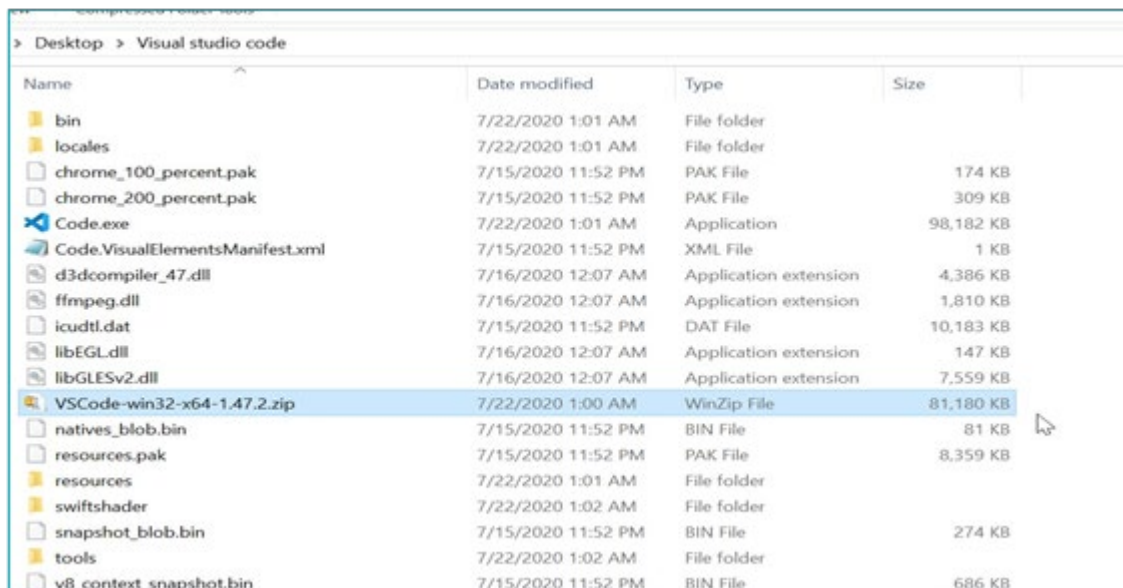

Installation Version: 1.47.2

Below are the steps to download and install Visual Studio Code:

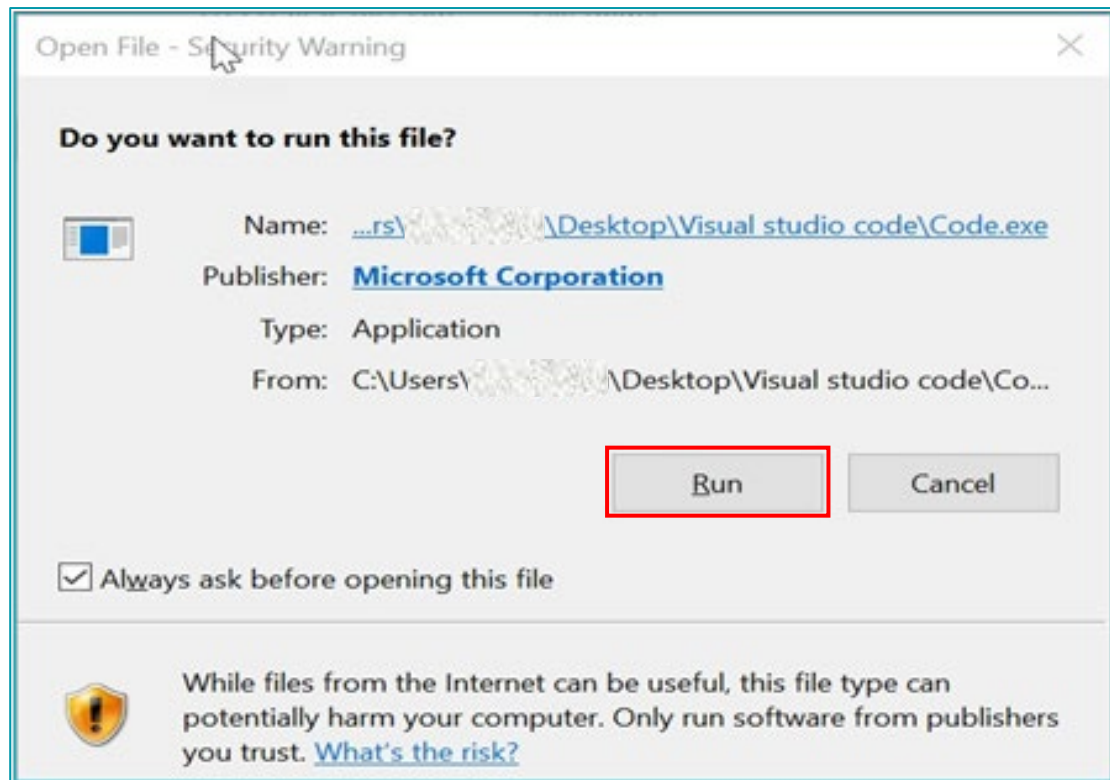

Step 1: Click [this](#) link to navigate to the Visual Studio download page. On this page, select **64 bit** under the **Windows** section to begin the download.

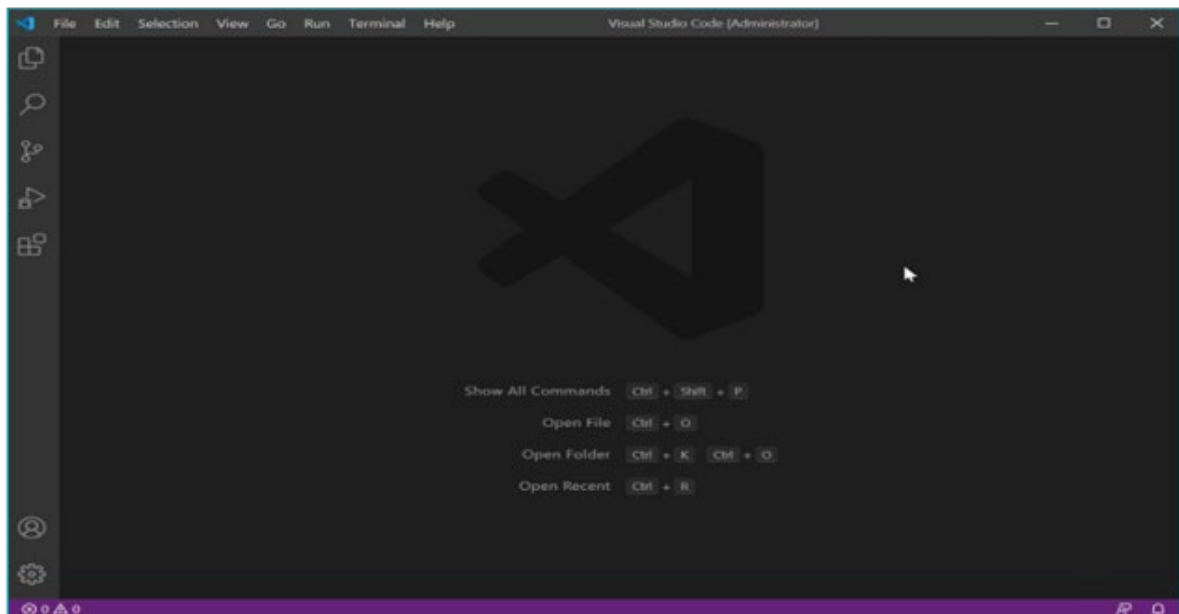

Step 2: Unzip the contents from the downloaded file into the folder.

Step 3: Double-click the **Code.exe** file. Select **Run** in the **Open File -> Security Warning** pop-up.

Step 4: The Visual Studio Code opens as displayed here. With this, the Visual Studio Code installation is complete and successful.

**About Deloitte**

Deloitte refers to one or more of Deloitte Touche Tohmatsu Limited, a UK private company limited by guarantee ("DTTL"), its network of member firms, and their related entities. DTTL and each of its member firms are legally separate and independent entities. DTTL (also referred to as "Deloitte Global") does not provide services to clients. In the United States, Deloitte refers to one or more of the US member firms of DTTL, their related entities that operate using the "Deloitte" name in the United States and their respective affiliates. Certain services may not be available to attest clients under the rules and regulations of public accounting. Please see www.deloitte.com/about to learn more about our global network of member firms.

This communication contains general information only, and none of Deloitte Touche Tohmatsu Limited ("DTTL"), its global network of member firms or their related entities (collectively, the "Deloitte organization") is, by means of this communication, rendering professional advice or services. Before making any decision or taking any action that may affect your finances or your business, you should consult a qualified professional adviser.

No representations, warranties or undertakings (express or implied) are given as to the accuracy or completeness of the information in this communication, and none of DTTL, its member firms, related entities, employees or agents shall be liable or responsible for any loss or damage whatsoever arising directly or indirectly in connection with any person relying on this communication. DTTL and each of its member firms, and their related entities, are legally separate and independent entities.
